

SOFYAN KIRAT

DATA SCIENCE TRAINEE

PHONE: +201155585253
EMAIL: www.sofyankirat123@gmail.com
LINKEDIN: [Sofyan-kirat](#)

PROFILE

Highly motivated Data Science enthusiast with a relentless drive for learning and development. Passionate about Statistics, uncovering insights from data, predictive modeling, and AI. Skilled in critical thinking and excited to leverage analytical expertise to solve complex problems.

EXPERIENCE

JUNE 2024 - present	Data Science Trainee at DataCamp Acquired practical skills in data science through interactive courses, mastering essential tools like Python, SQL, and machine learning. Strengthened expertise in data wrangling, exploratory analysis, and statistical modeling to derive actionable insights. Learned to build predictive models, create dynamic visualizations, and communicate findings effectively. Focused on applying data science techniques to solve real-world problems and enhance decision-making.
SEP 2024 – NOV 2024	AI Career Essentials (AICE) Program Completed AICE program, gaining expertise in AI, prompt engineering, and strategic planning. Developed skills in creative problem-solving, personal branding, and portfolio optimization. Proficient in leveraging large language models (LLMs) like ChatGPT and applying AI solutions to drive innovation.

EDUCATION

OCT 2022 - Present	Faculty of Science, Mansoura University Bachelor of Science in Statistics and Computer Science Grade: Excellent
--------------------	--

SKILLS

Programming	Libraries	Data Analysis
- Python - SQL	- Scikit-Learn - Pandas	- Excel - Exploratory Data Analysis

• C++ • JavaScript • c++ • c	• Matplotlib	
---	--	--

ACHIEVEMENTS

- Ranked 1st place in Statistics and computer science program at Faculty of Science, Mansoura University in 2023, and 2024.
- Completed comprehensive machine learning courses on DataCamp, gaining hands-on experience in predictive modeling, data analysis, and algorithm implementation.
- Developed data analysis projects, utilizing tools like Python, SQL, Excel, Tableau and Power BI.
- participated in numerous seminars and workshops focused on data analysis, AI, machine learning, soft skills, and freelancing.

STRENGTHS

- Complex Problem Solving
- Analytical Thinking
- Collaboration
- Attention to Details
- Curiosity
- Emotional Intelligence

LANGUAGES

Arabic: Native

English: Fluent

French: Intermediate

Spanish: Beginner
